1. Introduction

1.1 The Client named in the Data Sheet will select a consulting firm/organization (the Consultant) from those listed in the Letter of Invitation, in accordance with the method of selection specified in the Data Sheet.

1.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the Data Sheet, for consulting services required for the assignment named in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.

1.3 Consultants should familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Consultants are encouraged to visit the Client before submitting a proposal and to attend a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. Consultants should contact the Client's representative named in the Data Sheet to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.

1.4 The Client will timely provide at no cost to the Consultants the inputs and facilities specified in the Data Sheet, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.

1.5 Consultants shall bear all costs associated with the preparation and

submission of their proposals and contract negotiation. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.

Conflict of Interest

1.6 Bank policy requires that Consultants provide professional, objective, and impartial advice and at all times hold the Client's interests paramount, strictly avoid conflicts with other assignments or their own corporate interests and act without any consideration for future work.

1.6.1 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be recruited, under any of the circumstances set forth below:

Conflicting activities

(i) A firm that has been engaged by the Client to provide goods, works or services other than consulting services for a project, and any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firm's consulting services for such preparation or implementation. For the purpose of this paragraph, services other than consulting services are defined as those leading to a measurable physical output, for example surveys, exploratory drilling, aerial photography, and satellite imagery.

Conflicting assignments

(ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for another Client. For example, a Consultant hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and a Consultant assisting a Client in the privatization of public assets shall not purchase, nor advise purchasers of, such assets. Similarly, a Consultant hired to prepare Terms of

Reference for an assignment should not be hired for the assignment in question.

Conflicting relationships

(iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Client's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.

1.6.2 Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

1.6.3 No agency or current employees of the Client shall work as Consultants under their own ministries, departments or agencies. Recruiting former government employees of the Client to work for their former ministries, departments or agencies is acceptable provided no conflict of interest exists. When the Consultant nominates any government employee as Personnel in their technical proposal, such Personnel must have written certification from their government or employer confirming that they are on leave without pay from their official position and allowed to work full-time outside of their previous official position. Such certification shall be provided to the Client by the Consultant as part of his technical proposal.

Unfair Advantage

1.6.4 If a shortlisted Consultant could derive a competitive advantage from having provided consulting services related to the assignment in question, the Client shall make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultant any competitive advantage over competing Consultants.

Fraud and Corruption

1.7 The Bank requires that all Borrowers (including beneficiaries of Bank

loans), as well as Consultants participating in Bank-financed projects adhere to the highest ethical standards, both during the selection process and throughout the execution of a contract. In pursuance of this policy, the Bank:

- (a) defines, for the purpose of this paragraph, the terms set forth below as follows:
 - (i) “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of a public official in the selection process or in contract execution;
 - (ii) “fraudulent practice” means a misrepresentation or omission of facts in order to influence a selection process or the execution of a contract;
 - (iii) “collusive practices” means a scheme or arrangement between two or more consultants with or without the knowledge of the Borrower, designed to establish prices at artificial, noncompetitive levels;
 - (iv) “coercive practices” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in a procurement process, or affect the execution of a contract.
- (b) will reject a proposal for award if it determines that the Consultant recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the contract in question;
- (c) will cancel the portion of the loan allocated to a contract if it determines at any time that representatives of the Borrower or of a beneficiary of the loan were engaged in corrupt, fraudulent, collusive or coercive practices during the selection process or the execution of the contract, without the Borrower having taken timely and appropriate action satisfactory to the Bank to remedy the situation.
- (d) will sanction a Consultant, including declaring the Consultant ineligible, either indefinitely or for a stated period of time, to be awarded a Bank-

financed contract if at any time determines that the Consultant has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a Bank-financed contract; and

(e) will have the right to require that, in contracts financed by the Bank, a provision be included requiring Consultants to permit the Bank to inspect their accounts and records and other documents relating to the submission of proposals and contract performance, and have them audited by auditors appointed by the Bank.

1.8 Consultants, their Sub-Consultants, and their associates shall not be under a declaration of ineligibility for corrupt and fraudulent practices issued by the Bank in accordance with the above Para 1.7. Furthermore, the Consultants shall be aware of the provisions on fraud and corruption stated in the specific clauses in the General Conditions of Contract.

1.9 Consultants shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal and during execution of the assignment if the Consultant is awarded the Contract, as requested in the Financial Proposal submission form (Section 4).

Origin of Goods and Consulting Services

1.10 Goods supplied and Consulting Services provided under the Contract may originate from any country except if:

- (i) as a matter of law or official regulation, the Borrower's country prohibits commercial relations with that country; or
- (ii) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any imports of goods from that country or any payments to persons or entities in that country.

Only one Proposal

1.11 Shortlisted Consultants may only submit one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual experts, to more than one proposal.

**Proposal
Validity**

1.12 The Data Sheet indicates how long Consultants' Proposals must remain valid after the submission date. During this period, Consultants shall maintain the availability of Professional staff nominated in the Proposal. The Client will make its best effort to complete negotiations within this period. Should the need arise; however, the Client may request Consultants to extend the validity period of their proposals. Consultants who agree to such extension shall confirm that they maintain the availability of the Professional staff nominated in the Proposal, or in their confirmation of extension of validity of the Proposal, Consultants could submit new staff in replacement, who would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.

**Eligibility of Sub-
Consultants**

1.13 In case a shortlisted Consultant intends to associate with Consultants who have not been shortlisted and/or individual expert(s), such other Consultants and/or individual expert(s) shall be subject to the eligibility criteria set forth in the Guidelines.

**2. Clarification
and Amendment
of RFP
Documents**

2.1 Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to the Client's address indicated in the Data Sheet. The Client will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under Para 2.2.

2.2 At any time before the submission of Proposals, the Client may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the Client may, if the

amendment is substantial, extend the deadline for the submission of Proposals.

3. Preparation of Proposals

- 3.1 The Proposal (see Para. 1.2), as well as all related correspondence exchanged by the Consultants and the Client, shall be written in the language (s) specified in the Data Sheet.
- 3.2 In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies in providing the information requested may result in rejection of a Proposal.
- 3.3 While preparing the Technical Proposal, Consultants must give particular attention to the following:
- (a) If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other Consultants in a joint venture or sub-consultancy, it may associate with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if so indicated in the Data Sheet. A shortlisted Consultant must first obtain the approval of the Client if it wishes to enter into a joint venture with non-shortlisted or shortlisted Consultant(s). In case of association with non-shortlisted Consultant(s), the shortlisted Consultant shall act as association leader. In case of a joint venture, all partners shall be jointly and severally liable and shall indicate who will act as the leader of the joint venture.
 - (b) The estimated number of Professional staff-months or the budget for executing the assignment shall be shown in the Data Sheet, but not both. However, the Proposal shall be based on the number of Professional staff-months or budget estimated by the Consultants. For fixed-budget-based assignments, the available budget is given in the Data Sheet, and the Financial Proposal shall not exceed this budget, while the estimated number of Professional staff-months shall not be disclosed.
 - (c) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.

Language

(d) Documents to be issued by the Consultants as part of this assignment must be in the language(s) specified in the Reference Paragraph 3.1 of the Data Sheet. If Reference Paragraph 3.1 indicates two languages, the language in which the proposal of the successful Consultant will be submitted shall govern for the purpose of interpretation. It is desirable that the firm's Personnel have a working knowledge of the Client's national language.

Technical Proposal Format and Content

3.4 Depending on the nature of the assignment, Consultants are required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP). The Data Sheet indicates the format of the Technical Proposal to be submitted. Submission of the wrong type of Technical Proposal will result in the Proposal being deemed non-responsive. The Technical Proposal shall provide the information indicated in the following paras from (a) to (g) using the attached Standard Forms (Section 3). Paragraph (c) (ii) indicates the recommended number of pages for the description of the approach, methodology and work plan of the STP. A page is considered to be one printed side of A4 or letter size paper.

(a) (i) For the FTP only: a brief description of the Consultants' organization and an outline of recent experience of the Consultants and, in the case of joint venture, for each partner, on assignments of a similar nature is required in Form TECH-2 of Section 3. For each assignment, the outline should indicate the names of Sub-Consultants/ Professional staff who participated, duration of the assignment, contract amount, and Consultant's involvement. Information should be provided only for those assignments for which the Consultant was legally contracted by the Client as a corporation or as one of the major firms within a joint venture. Assignments completed by individual Professional staff working privately or through other consulting firms cannot be claimed as the experience of the Consultant, or that of the Consultant's associates, but can be claimed by the Professional staff themselves in their CVs. Consultants should be prepared to substantiate the claimed experience if so requested by the Client.

- (ii) For the STP the above information is not required and Form TECH-2 of Section 3 shall not be used.
- (b) (i) For the FTP only: comments and suggestions on the Terms of Reference including workable suggestions that could improve the quality/ effectiveness of the assignment; and on requirements for counterpart staff and facilities including: administrative support, office space, local transportation, equipment, data, etc. to be provided by the Client (Form TECH-3 of Section 3).
 - (ii) For the STP Form TECH-3 of Section 3 shall not be used; the above comments and suggestions, if any, should be incorporated into the description of the approach and methodology (refer to following sub-para. 3.4 (c) (ii)).
- (c) (i) For the FTP, and STP: a description of the approach, methodology and work plan for performing the assignment covering the following subjects: technical approach and methodology, work plan, and organization and staffing schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4 of Section 3. The work plan should be consistent with the Work Schedule (Form TECH-8 of Section 3) which will show in the form of a bar chart the timing proposed for each activity.
 - (ii) For the STP only: the description of the approach, methodology and work plan should normally consist of 10 pages, including charts, diagrams, and comments and suggestions, if any, on Terms of Reference and counterpart staff and facilities.
- (d) The list of the proposed Professional staff team by area of expertise, the position that would be assigned to each staff team member, and their tasks (Form TECH-5 of Section 3).
- (e) Estimates of the staff input (staff-months of foreign and local professionals) needed to carry out the assignment (Form TECH-7 of Section 3). The staff-months input should be indicated separately for home office and field activities, and for foreign and local Professional staff.
- (f) CVs of the Professional staff signed by the staff themselves or by the

authorized representative of the Professional Staff (Form TECH-6 of Section 3).

(g) For the FTP only: a detailed description of the proposed methodology and staffing for training, if the Data Sheet specifies training as a specific component of the assignment.

3.5 The Technical Proposal shall not include any financial information. A Technical Proposal containing financial information may be declared non responsive.

Financial Proposals

3.6 The Financial Proposal shall be prepared using the attached Standard Forms (Section 4). It shall list all costs associated with the assignment, including (a) remuneration for staff (foreign and local, in the field and at the Consultants' home office), and (b) reimbursable expenses indicated in the Data Sheet. If appropriate, these costs should be broken down by activity and, if appropriate, into foreign and local expenditures. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items.

Taxes

3.7 The Consultant may be subject to local taxes (such as: value added or sales tax, social charges or income taxes on non-resident Foreign Personnel, duties, fees, levies) on amounts payable by the Client under the Contract. The Client will state in the Data Sheet if the Consultant is subject to payment of any local taxes. Any such amounts shall not be included in the Financial Proposal as they will not be evaluated, but they will be discussed at contract negotiations, and applicable amounts will be included in the Contract.

3.8 Consultants may express the price of their services in a maximum of three freely convertible currencies, singly or in combination. The Client may require Consultants to state the portion of their price representing local cost in the national currency if so indicated in the Data Sheet.

3.9 Commissions and gratuities, if any, paid or to be paid by Consultants and related to the assignment will be listed in the Financial Proposal Form FIN-1 of Section 4.

- 4. Submission, Receipt, Opening and of Proposals**
- 4.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see para 1.2) shall contain no interlineations or overwriting, except as necessary to correct errors made by the Consultants themselves. The person who signed the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 3, and FIN-1 of Section 4.
- 4.2 An authorized representative of the Consultants shall initial all pages of the original Technical and Financial Proposals. The authorization shall be in the form of a written power of attorney accompanying the Proposal or in any other form demonstrating that the representative has been dully authorized to sign. The signed Technical and Financial Proposals shall be marked "ORIGINAL".
- 4.3 The Technical Proposal shall be marked "ORIGINAL" or "COPY" as appropriate. The Technical Proposals shall be sent to the addresses referred to in para. 4.5 and in the number of copies indicated in the Data Sheet. All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original governs.
- 4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "TECHNICAL PROPOSAL". Similarly, the original Financial Proposal (if required under the selection method indicated in the Data Sheet) shall be placed in a sealed envelope clearly marked "FINANCIAL PROPOSAL" followed by the Loan/TA number and the name of the assignment, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**" The envelopes containing the Technical and Financial Proposals shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address, reference number and title of the Loan, and be clearly marked "**DO NOT OPEN, EXCEPT IN PRESENCE OF THE OFFICIAL APPOINTED, BEFORE** [*insert the time and date of the submission deadline indicated in the Data Sheef*]". The Client shall not be responsible for misplacement, losing or premature opening if the outer

envelope is not sealed and/or marked as stipulated. This circumstance may be case for Proposal rejection. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.

4.5 The Proposals must be sent to the address/addresses indicated in the Data Sheet and received by the Client no later than the time and the date indicated in the Data Sheet, or any extension to this date in accordance with para. 2.2. Any proposal received by the Client after the deadline for submission shall be returned unopened.

4.6 The Client shall open the Technical Proposal immediately after the deadline for their submission. The envelopes with the Financial Proposal shall remain sealed and securely stored.

5. Proposal Evaluation

5.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the Client on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence the Client in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants' Proposal.

Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its "no objection".

Evaluation of Technical Proposals

5.2 The evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.

Financial Proposals for QBS

5.3 Following the ranking of technical Proposals, when selection is based on quality only (QBS), the first ranked Consultant is invited to negotiate its proposal and the Contract in accordance with the instructions given under para. 6 of these Instructions.

**Public Opening
and Evaluation of
Financial
Proposals (only
for QCBS, FBS,
and LCS)**

- 5.4 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall inform the Consultants who have submitted proposals the technical scores obtained by their Technical Proposals, and shall notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered non responsive to the RFP and TOR, that their Financial Proposals will be returned unopened after completing the selection process. The Client shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, the date, time and location for opening the Financial Proposals. The opening date should allow Consultants sufficient time to make arrangements for attending the opening. Consultants' attendance at the opening of Financial Proposals is optional.
- 5.5 Financial Proposals shall be opened publicly in the presence of the Consultants' representatives who choose to attend. The name of the Consultants and the technical scores of the Consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copy of the record shall be sent to all Consultants and the Bank.
- 5.6 The Evaluation Committee will correct any computational errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures the formers will prevail. In addition to the above corrections, as indicated under para. 3.6, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal, (i) if the Time-Based form of contract has been included in the RFP, the Evaluation Committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the

Financial Proposal to the corrected quantity and correct the total Proposal cost, (ii) if the Lump-Sum form of contract has been included in the RFP, no corrections are applied to the Financial Proposal in this respect. Prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the Data Sheet.

5.8 In the case of Fixed-Budget Selection, the Client will select the firm that submitted the highest ranked Technical Proposal within the budget. Proposals that exceed the indicated budget will be rejected. In the case of the Least-Cost Selection, the Client will select the lowest proposal among those that passed the minimum technical score. In both cases the evaluated proposal price according to para. 5.6 shall be considered, and the selected firm is invited for negotiations.

6. Negotiations

6.1 Negotiations will be held at the date and address indicated in the Data Sheet. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff. Failure in satisfying such requirements may result in the Client proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

Technical negotiations

6.2 Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, and organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The Client and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as "Description of Services". Special attention will be paid to clearly defining the inputs and facilities required from the Client to ensure satisfactory implementation of the assignment. The Client shall prepare minutes of negotiations which will be signed by the Client and the Consultant

Financial negotiations

6.3 If applicable, it is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the local tax amount to be paid by the Consultant under the Contract.

The financial negotiations will include a clarification (if any) of the firm's tax liability in the Client's country, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. In the cases of QCBS, Fixed-Budget Selection, and the Least-Cost Selection methods, unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates. For other methods, Consultants will provide the Client with the information on remuneration rates described in the Appendix attached to Section 4 - Financial Proposal - Standard Forms of this RFP.

Availability of Professional staff/experts

6.4 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the Client expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the Client will require assurances that the Professional staff will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

Conclusion of the negotiations

6.5 Negotiations will conclude with a review of the draft Contract. To complete negotiations the Client and the Consultant will initial the agreed Contract. If negotiations fail, the Client will invite the Consultant whose Proposal received the second highest score to negotiate a Contract.

7. Award of Contract

7.1 After completing negotiations the Client shall award the Contract to the selected Consultant, publish in UNDB on line and in the Development Gateway the award of the Contract, and promptly notify all Consultants who have submitted proposals. After Contract signature, the Client

shall return the unopened Financial Proposals to the unsuccessful Consultants.

7.2 The Consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet.

8. Confidentiality 8.1 Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted the Proposals or to other persons not officially concerned with the process, until the publication of the award of Contract. The undue use by any Consultant of confidential information related to the process may result in the rejection of its Proposal and may be subject to the provisions of the Bank's antifraud and corruption policy.

Section 5. Terms of Reference

TERMS OF REFERENCE FOR AN AUDITOR FOR INTERNAL AUDIT OF PERIPHERAL UNITS AND STATUTORY AUDIT OF NGOS UNDER THE STATE AIDS CONTROL SOCIETY (SACS) UNDER THE NATIONAL AIDS CONTROL PROGRAMME PHASE-IV

Background

The Chandigarh State AIDS Control Society is a registered Society which is implementing the centrally sponsored Programme of National AIDS Control Programme (NACP) being implemented by National AIDS Control Organisation (NACO) as per the Letter of Undertaking between the Government of India and State Government. The SACS implements the programme through its peripheral units and through NGOs who implement targeted interventions and other outreach activities like community care centres etc under the NACP. The TOR has two parts one relating to the internal audit of the peripheral units under the Health Department and the other relating to the statutory audit of the NGOs implementing the targeted interventions.

Funds are received from the following sources: W Bank and DFID pooled together known as TI Pool Funds, New Domestic Budget Scheme and from the Global Fund for HIV/AIDS, TB & Malaria in channels called Rounds. For example Round 2 for the Integrated Testing and Counseling Centres and Prevention of Mother to Child Transmission; Round 4 for the Care, Support and Treatment of People Living with HIV/AIDS, etc. All of which together constitute the NACP IV financial envelope.

Objectives

Internal Audit is a control that functions by examining and evaluating the adequacy and effectiveness of other controls throughout the organization. The objective of the current internal audit is to seek a professional opinion on the adequacy of internal control framework and adherence to the internal control procedures provide in the various guidelines, manuals etc, identifying areas for improvement and critical weaknesses, if any and that that funds received and expenditure incurred for the accounting period are in accordance with the laid down financial regulations, procurement procedures and other orders issued from

time to time and that proper accounts are maintained at all levels fund wise (New DBS, TI Pool Fund and Round wise in case of GFATM).

The overall objective of the half-yearly audit of NGOs implementing the NACP is to identify the weaknesses in the financial systems and the lacuna in the day to day accounting practices. This approach should in turn lead to adherence to the accounting standards and better transparency in the future.

It is imperative that the whole exercise shall be conducted as a form of capacity building exercise for the respective TIs and should be a learning experience for the accountants and other team members of the project. The audit shall not be a routine affair and it is envisaged that it should not be conducted as a postmortem exercise or a fault finding mechanism.

Scope:

(I) The scope of work will include a quarterly / half yearly internal audit of the peripheral units other than NGOs i.e. ICTCs, Blood banks, medical colleges, schools etc) which receive funds from the SACS for implementing project activities. The responsibilities of the internal auditor includes reporting on the adequacy of internal controls, the accuracy and propriety of transactions, the extent to which assets are accounted for and safeguarded, and the level of compliance with NACP-IV financial norms and State Government procedures. In conducting the Audit, specific attention should be given to the following:

- (a) The internal audit activities should include payment audit as well as independent appraisals of the financial, operational and control activities of the programme.
- (b) Funds have been used in accordance with the condition of the relevant financial norms and financial regulations with due attention to economy and efficiency, and only for the purpose for which the financing was provided.
- (c) There is a proper financial and administrative delegation and expenditures incurred/ advances provided are properly authorized as per the financial and administrative delegation approved by the executive committee. Comment on the adequacy of the delegation.
- (d) Whether there is adequate segregation of duties and controls.

- (e) Generally accepted accounting principles are followed by all entities who are authorized to incur expenditure under National AIDS Control Programme.
 - (f) Goods, works and services financed have been procured in accordance with relevant provisions of the Procurement Manual. The procurement checklist attached to the TOR will need to be completed for the contracts verified in the audit.
 - (g) Adequate and proper supporting documents, namely, purchase orders, tender documents, invoices, vouchers, receipts, pay bills, TA bills etc. are maintained and linked to the transactions.
 - (h) whether clear linkages exists between the books of accounts and reports presented to the SACS by the peripheral units.
 - (i) Expenditure incurred under NACP-IV is in accordance with the financial norms prescribed in the NACP-IV framework or any other clarifications issued from time to time.
 - (j) Expenditure is incurred with reference to the budget allocation approved by the NACO. In case the budget allocation is exceeded proper re-appropriation duly approved by the competent authority has been obtained.
 - (k) Reconciliation of Bank Statements and accounts is regularly carried out on a monthly basis.
 - (l) System of settlement of advances and whether the peripheral units are timely in the settlement of advances; whether there is a system of adequate review and approval before the settlement and there is evidence of the review
- (II) The audit shall be conducted in accordance with the Audit & Assurances Standards issued by ICAI and shall assess the internal controls, accounting principles used as well as those given in the Guidelines for Financial and Procurement Systems for NGOs (Part II) and other instructions issued by NACO from time to time. It shall examine all the evidences supporting the amounts and disclosures in the financial statements. The specific areas shall include but not limited to the following:

1. Programmatic targets and project progress

To compare the achievement of various indicators with reference to the targets fixed and approved by SACS as in the proposal. This shall be undertaken for each of the following components:

- a. No. of persons belonging to the target group to be contacted
- b. No of STD patients to be treated
- c. No. of condoms/needles to be distributed free and through social marketing
- d. No. of awareness programs / audio-visual programs/ advocacy meetings to be conducted
- e. No. of trainings conducted for the peer educators / outreach workers
- f. No. of IEC materials to be developed and distributed

To determine whether a programmatic trail can be established with the accounting trail. A few random expenditures shall be verified for clear basis and need for their incurrence.

2. Terms and Conditions

To verify if the terms and conditions as specified in the contract and as agreed to between the partners and CSACS in the grant agreement is adhered to in word and spirit.

To determine whether all the technical reports, the expense statements, monthly CMIS / SIMS, quarterly and annual performance reports had been submitted in time as stipulated in the contracts.

3. Budgetary stipulations and expenditures

To verify the activity wise expenses statement for the four quarters and determine if the total and the quarterly expenses are in line with the approved proposals and the budgets. The timeliness of the activities and the expenditures in the line items had to analyzed for each quarter. Any modifications from the budget, if found had to be verified for written approval from CSACS.

4. Cash and Bank balances

The closing cash and bank balances of each of the four quarters had to be tallied between the receipts and payments account and the balances as per the Cash Book. The bank reconciliation statements also had to be verified during the audit.

The average cash holding in the project office had to be analyzed along with the pattern of withdrawal from the banks and commented upon by the auditors.

The accounting procedures adopted with reference to the loans taken shall be studied and the methods of repayment clearly spelt out in the audit report.

The other grants received from SACS – for conducting events, World AIDS Day Programs etc., had to be reconciled and necessary verifications done.

5. Vouchers

All the vouchers had to be necessarily scrutinized and verified whether the expenses are charged to the correct items. It is also essential to list out the extent of (%) of pucca and kutcha supporting documents that are attached with the total split up of amounts. The approval status and the reporting dates (difference between the actual service delivery and voucher submission) also need to be verified.

The auditor should be able to sum whether the expenses are budget/ norm based or need based. In this context, if any vouchers had been added/ inserted later to cover up the budgeted expenses, those had to be tracked and commented upon.

6. Review of Expenditure on Drugs and Pharmaceuticals

The auditor shall review and confirm the expenditure incurred by the NGO/CBO on drugs and pharmaceutical is within the limits indicated in the contract i.e. Rs.1,50,000/- per annum and also check by scrutinizing the invoices to confirm whether these have been supplied by firms included in the list of WHO-GMP certified firms.

7. Verification of Registers

The audit report should also comment on the various registers maintained by the partners like the medicine stock register, condom stock register (both free distribution and social marketing), capital asset register, registers with the proceedings of the focus group discussion, monthly meetings other awareness programs, advocacy meetings etc.,

The medicine stock register along with the patient wise medicine register, will give details on the average inventory, the issues without sufficient prescriptions/ patient cards etc.,

The attendance register shall also be checked (including that of peers) so as to determine whether it matches with the salary disbursements. The IEC Stock and distribution register had to match with the total production and distribution of various types of IEC materials.

8. Physical verification – Cash/ Medicine, Condoms, IEC materials and Capital assets

The cash in hand has to be physically tallied with the cash book and the advance registers verified so that actual cash balance can be determined. The physical verification of medicine stocks should be undertaken so that actual and recorded stocks can be tallied and the details of expired medicines analyzed.

The capital inventory register has to be correlated with the actual capital inventory in hand, if any. Both the condom registers – one for free distribution and the other for social marketing of condoms had to be verified and better means of managing registers for different brands can be suggested, if any.

Similarly, sample verification of stocks of condom and IEC materials has to be done both centrally as well as that at the field level.

9. Visit to the clinics & stock verification

It is necessary for the audit team to visit the field of operation and the clinics to have a complete understanding of the day to day operation of the partners. The medicine and the condom stocks at the clinics should also be verified during these field visits and correlated with the office register entries.

The delays in entry of stocks, the discrepancy between the registers at the clinics and the central office should be identified if any and commented upon.

10. Systems and Controls

With reference to the overall utilization of the TI project grants, the cash book, the general ledger, the quarterly financial reports and the SIMS / CMIS reports shall be reconciled and a brief summary given.

The existing information systems, accounting procedures and the monitoring activities of the project shall be discussed and suggestions given for improvement. The cost effectiveness of service delivery to the community should also be incorporated with innovative strategies for implementation. The existing accounting controls and transparency in the system should be commented upon.

Suggestions and recommendations

As the annual audit exercise is to be undertaken more as a capacity building measure for further strengthening of the TI team the audit report should incorporate suggestions and recommendations for the future. The major issues witnessed in the project shall be numbered and measures/ panacea proposed to resolve each of these issues.

In addition to the above the auditors are also expected to discuss in brief on general recommendations for the betterment and efficient performance of the project.

Sample & Frequency:

The peripheral units (like Blood Banks, ICTCs etc.) will be selected in a manner such that each unit is covered at least once in a year. The frequency and prioritization will be carried out by the SACS based on the number of such units, the quantum of funds flowing to these units, whether it is a one time or a recurring activity etc. NGO/ CBO (on site audit) will be done once in six months and the peripheral units once every quarter. It should be ensured in the internal audit that the prescribed accounting system including regular bank reconciliation is strictly followed. This will include physical verification of assets, inventories etc. A sample questionnaire (checklist) is provided below.

Timing for audit and submission of the audit report

Quarter of audit ending	Audit of NGOs, DAPCU and Peripheral units	Submission of report
June	July 16 to 30	August 15
Sept	Oct 16-30	Nov 15
Dec	Jan 16 -30	Feb15
March	April 16 -30	May15

Outputs that will be required of the Internal Auditor

The internal auditors should furnish a quarterly/half yearly audit report (alongwith the checklists) to the State Project Director with an executive summary of the critical issues/ finding that require attention of the senior management. A copy of the executive summary must be sent to NACO and a copy of the report must also be placed with the Executive Committee of SACS. The report should be structured in a manner giving the observations/ weaknesses, the implications, suggestions for improvement and the management comments. The status of the actions taken by the management on the recommendations of the previous report should also be provided.

General

Period of appointment: The auditor would be appointed initially for one year and extended on annual basis for a period maximum of three years beginning from April 1st 2019 and cover the financial years ending on March 31st 2020, 2021 and 2022 on the basis of satisfactory performance.

The auditor should be given access to all legal documents entered into with the World Bank and DFID, Project Implementation Plan, books of accounts, NGO/CBO guidelines, General Financial Rules, Procurement Manual, Financial Management Manual, scheme books and any other information associated with the programme and deemed necessary by the auditor.

Review

A review committee consisting of Project Director, head of the financial management group at the Chandigarh State AIDS Control Society will review the internal audit report submitted by the internal auditor and take further remedial measures on the discrepancies pointed out in internal audit.

Report

A checklist (covering FM and procurement issues at Annex 1-4) is provided alongwith the TOR as a guidance to the internal auditors. This should be attached and submitted alongwith the audit report.

The audit report for the NGOs should include comments on each of the specific areas mentioned above, but it should not be restricted to the above only. Any discrepancies and deviations from the standard accounting practices and the MOU/ Contract entered into with CSACS shall be sought for comments from the Project Coordinator and his explanations should also be incorporated.

The audit report should have the following contents:

Introductory paragraph – stating that the audit has been conducted for the year 20XX–XX in accordance with the accounting standards and the following documents were verified and studied for arriving at the findings.

Scope Paragraph – areas of audit, terms of reference, time spent by the audit team and the methodology adopted for conducting the audit.

Findings– Under each head, the comments of the auditors along with the project coordinators explanations for discrepancies, if any.

Issues and Suggestions – The auditor should identify specific issues, which need to be addressed and provide solutions and strategies for each of them.

Recommendations- The overall opinion of the auditor on the general performance of the project shall be given under this head. The lack of systems can be highlighted and recommendations given and also mention of some best practices followed, if any.

The audit report should also contain the formal certification letters namely - ‘True and Fair’ certificate and the annual ‘Fund Utilization Certificate’, giving the breakup of the expenditure by activities separately indicating the expenditure on drugs and pharmaceuticals.

Key Personnel

The key personnel in the audit team, their minimum qualifications, and their anticipated inputs are indicated below:

- (a) The audit team should be led a Chartered Accountant with a minimum 5 years experience in audit.
- (b) The overall work of the audit team should be supervised a partner who is a chartered accountant and should have atleast 15 years of experience.
- (c) The audit team should include sufficient number of appropriate staff (Articles/Audit Clerks and other audit staff), commensurate with the size and scope of the assignment.

WORK LOAD

Methodology

There shall be a half a day's briefing session to the auditor's teams so that they get sensitized before their audit visits. The issues, which will be covered, include:

- Introduction on SACS, Technical Support Unit and the Targeted interventions
- The National AIDS Control Programme related issues
- Components of TI and its functioning
- Financial procedures and guidelines of NACO/SACS
- Audit as a Capacity building process rather than as a Policing mechanism

A team of two auditors shall spend 2-3 days in the office (Peripheral Unit/NGO) and another day at the blood bank etc/NGO's field or clinic. On completion of this, they shall spend another few days in preparing the audit report.

Work Estimation

Depending on the size of the Audit Firm work would be entrusted. The basic team composition is indicated below:
