Office Memorandum

SUB: POLICY ON LATERAL SHIFTING OF CONTRACTUAL PERSONNEL

The undersigned is directed to say that the issue of "lateral shifting of contractual personnel" working in SACS has been under consideration for quite some time. The Competent Authority has approved the following policy on lateral shifting of contractual personnel.

PURPOSE: To establish a consistent policy for lateral shifting of contractual personnel.

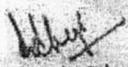

SCOPE: The scope of lateral shifting will be as under:

- State AIDS Control Society will entertain requests for lateral shifting from the contractual personnel specifying the reason for lateral shifting which could be due to the closure SACS/ bifurcation of SACS/closure of ICTC/ART/STI Clinic which will result in abolition of the position(s) /personal reasons;
- Lateral shifting will be done at the existing remuneration of the concerned contractual personnel;
- Lateral shifting will not apply for positions with different TOR and higher remuneration;
- The decision of lateral shifting is solely at the discretion of the Project Director of the SACS where the concerned contractual personnel wants to shift; and
- Sending request does not guarantee or become a legal obligation.

PROCESS: The following process may be followed for lateral shifting:

- The contractual personnel interested in lateral shift may send in a formal request to the Project Director of the SACS specifying the position for which s/he is interested;
- Approval for the lateral shifting can be accorded by the Project Director of the SACS where the concerned contractual personnel has requested depending on the TOR of the position, performance assessment of the concerned contractual personnel; and
- Subsequent to the approval of PD, a revised contract on the same remuneration specifying the location may be signed.

The above policy will come into force with effect from 1st April 2016.
